

# **Eleva<sup>2</sup>** **Alta Gestión**

Only the one who sees the invisible, gets the impossible

# Company

Eleva 2 Alta Gestión is a group formed by the best experts, more than 15 years of experience in the development of talents, intelligence and creativity, covering different areas and sectors

We establish synergies in both national and international level, there, where talent, its detection, searching and development is required. We do know the clues in which are to identify, attract and keep the best professionals of the sector. To do that, we have the most advanced tools in new technologies and a “revolutionary method, unique and new” based on more than 30 years of scientific researches.

We distinguish ourselves for having an innate capability to manage the change as quickly as possible regarding quality in each of our projects.

Only the one who sees the invisible, gets the impossible

# Mission

Our mission consists in “managing change”, current globalize change, applying it to companies. We manage change through potentiality and talent development, applying the latest technologies and the most revolutionary and innovative methods.

l  
We identify and we value the abilities and motivations of those who are a part of a management team, other professionals, students, human groups in general; in relation to the strategic, organizational and security needs of our customer company.

The ultimate aim of our company is to manage change attending to the economic, political, social and legal environment of each sector.

Only the one who sees the invisible, gets the impossible

# Values

- ETHIC AND CONFIDENTIALITY

Only the one who sees the invisible, gets the impossible

# Services

## SEARCHING, SELECTION AND EVALUATION OF MANAGERS AND OTHER PROFESSIONALS.

We know the best managers, our interpersonal relationships are based on a continued searching of the best qualified professional, advisor, general manager, sub manager etc.

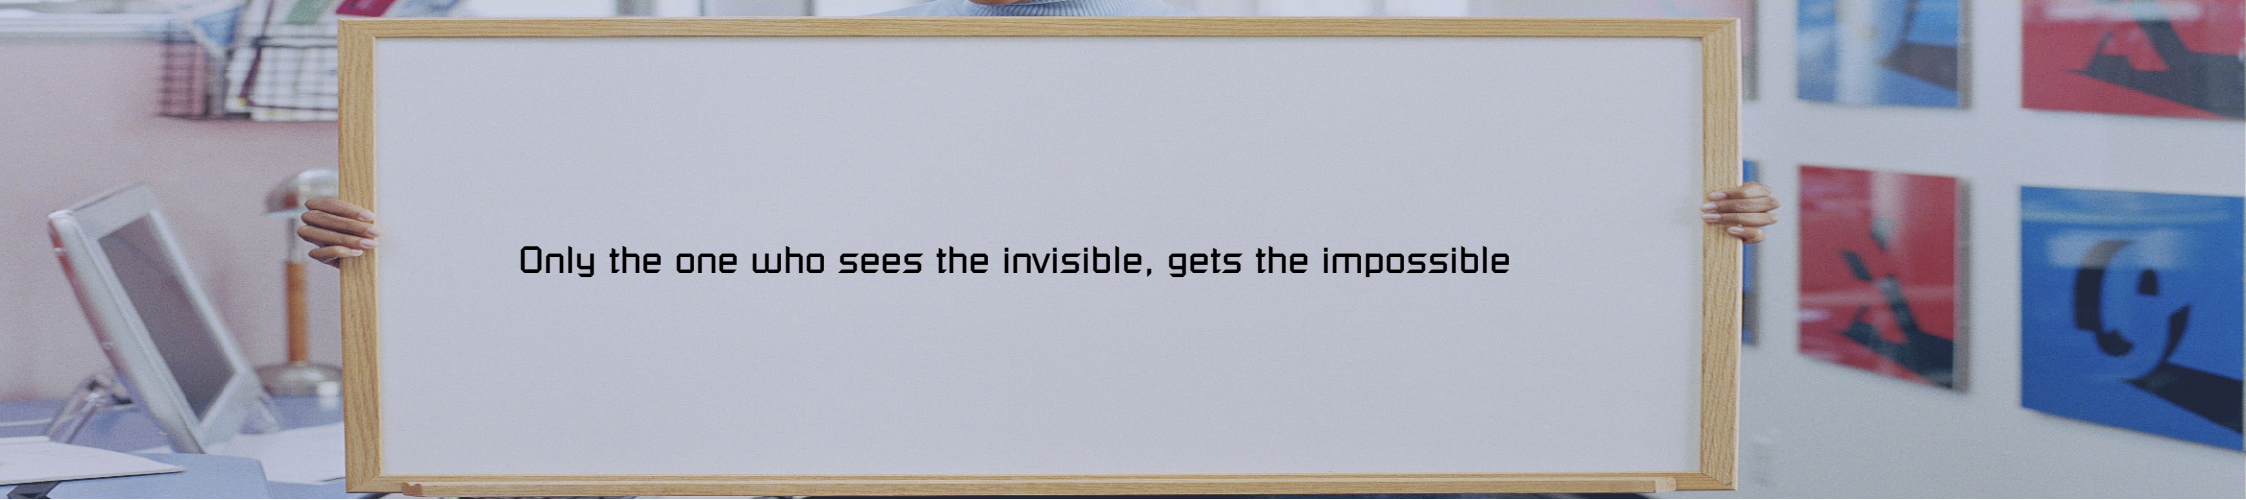

## INTEGRAL ADVISING COMPANIES.

We advise the company in each and every area of its activities: human resources, financial, strategy, making decisions, organizing .etc.

## ANALYSIS OF THE ABILITIES AND POTENTIAL OF THE EMPLOYEES.

If the client-company requires, we can analyse each position, the internal organization of the company and its future and present needs related to human resources. We can analyse abilities and potential of each employee, which would allow the company to get the best of their employees and their talents to improve the benefits of the company.

Only the one who sees the invisible, gets the impossible

# Services

## COACHING FOR MANAGERS.

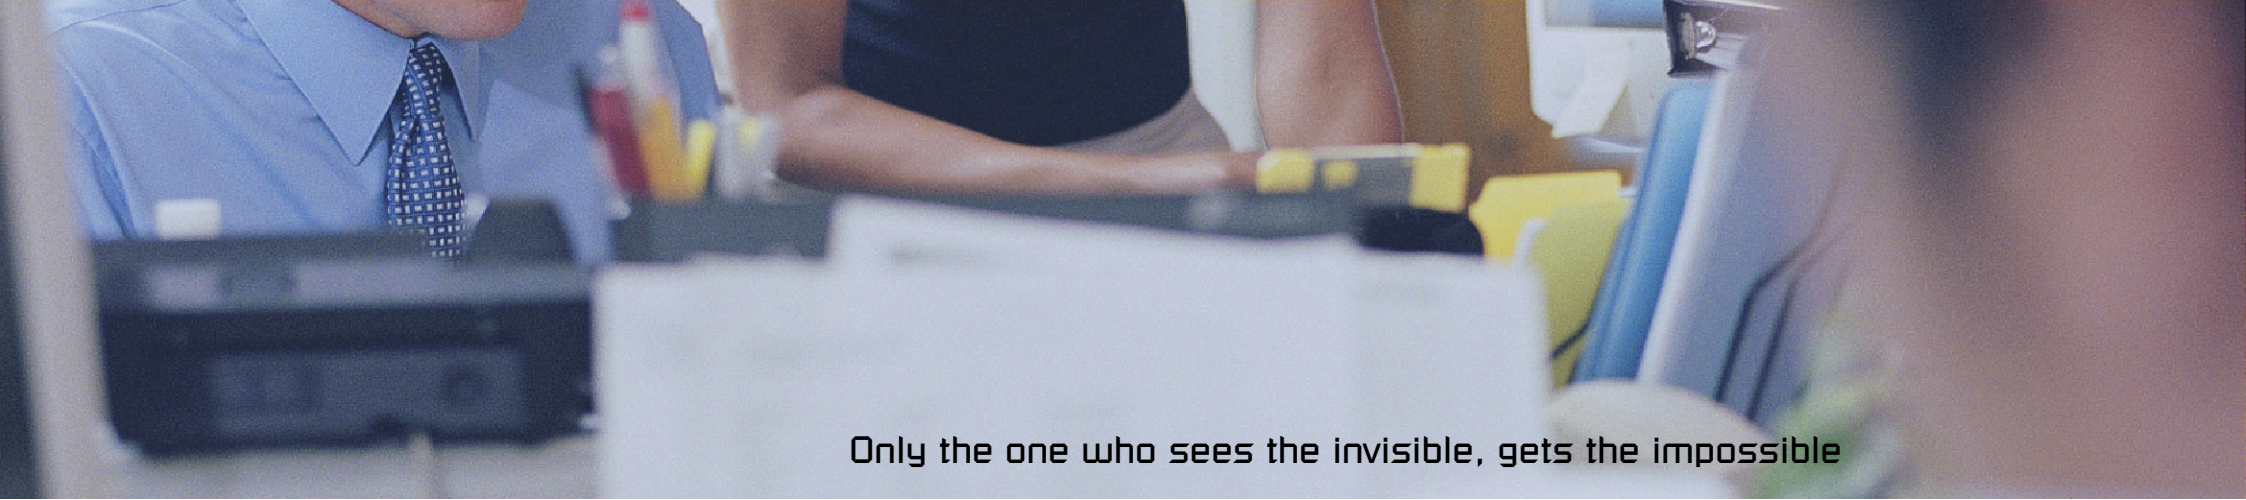

We help the manager to contact with his own extraordinary potential, so that he would be able to build the professional and personal life he/ she has always wanted.

## DETECTION OF PERSONAL CHARACTERISTICS AND POTENTIAL DEVELOPMENT FROM CHILDHOOD.

Childhood is a fundamental period in human being's life. It is unique and decisive. Is in childhood, when the fundamental aspects of adults personality are defined, and it is the period in which it is best to stimulate and develop the innate potential of a person.

## HELP TO PSYCHOLOGICAL THERAPIES.

With the new method and a team of psychologists that collaborate with us, we encourage and bring help from professional psychological area; professionals work with the analysis, with a previous and appropriate therapy for each patient.

Only the one who sees the invisible, gets the impossible

# Services
